

Developing a Mission Plan

Assignment:

From what you have learnt about Roman Catholics in your area and what you know about your local church, develop a strategy to help your church to reach more Catholics with the Gospel and see them disciple as Christians.

In doing so you should pay attention to;

- The cultural, demographic and sociological context of the Catholics in your mission field
- The nature of your church, its strengths and weaknesses, in order to come up with a realistic plan
- A time frame for this plan and the steps required in order to bring it about
- A way of evaluating the success or otherwise of this plan in order to adapt the plan in the future
